Hi Mary,

Continuing our efforts here and wanted to check in. Our consulting team is still working on the conceptual scenarios for the various stakeholders in and around the Dico site. After meeting with the last stakeholder, I think we are within 4-6 weeks of seeing some visuals, perhaps less. I am very encouraged by all of the participation.

I hope to be able to reach out soon to set a time for your team to come visit us here to review and discuss. Hope to talk soon.
